DIRECTIONS TO ASSESSORS AND TAX COLLECTORS.

The King, the Queen, the Diplomatic Agents of foreign Governments and their attachees, duly made known to the Department of Foreign Relations, are exempt from all internal taxation.

All property must be assessed in the district in which it is situated.

Tax on Real Estate.

Real Estate includes all lands and town lots, with the buildings, structures and other things erected on or affixed to the same, and is subject to a tax of twenty-five cents upon every hundred dollars of its assessed value.

EXCEPTIONS.—Real Estate belonging to Government, to the Board of Education, to incorporated or private Schools, to Religious Societies for church sites, burying grounds, and houses for education, and to literary and benevolent institutions.

Tax on Personal Property.

Personal property includes all animals, household furniture and chattels not specifically taxed; goods, wares and merchandise; all ships and vessels, at home and abroad; all moneys in hand and moneys loaned, all mortgages, public stock, stocks in corporations, exchequer bills, and every other species of property not included in real estate, and is subject to a tax of twenty-five cents upon every hundred dollars of its assessed value.

No person is liable to the Property Tax unless the assessed value of his or her real and personal property shall amount to one hundred dollars.

Leasehold interest must be assessed as personal property against the owner of the beneficial interests therein. All personal property other than leasehold must be assessed to the party in possession of the same.

Carriage Tax.

All carriages and wagons drawn by one or more horses or mules, used for the conveyance of persons, are subject to an annual tax of five dollars each.

Poll Tax.

Every male inhabitant of the Kingdom between the ages of seventeen and sixty years, whether a subject or an alien, is subject to an annual poll tax of one dollar.

EXCEPTIONS.—Clergymen of any Christian denomination regularly employed in their vocation; teachers of youth in public or private schools for more than six months of the year; soldiers in actual service; members of the fire department and persons exempted by the assessors of the district on account of age, infirmity and poverty.

Animal Tax.

All unlicensed stallions of two years old and upwards are subject to an annual tax of ten dollars each. All licensed stallions and all other horses and mares of two years old and upwards, are subject to an annual tax of one dollar each.

All mules and asses of two years old and upwards, are subject to an annual tax of fifty cents each.

All dogs, large or small, are subject to an annual tax of one dollar each. Every person having the custody or possession of any dog shall be deemed the owner thereof.

EXCEPTIONS.—Animals belonging to the Government, and firemen are entitled to an exemption from taxation on two horses.

School Tax.

Every male inhabitant of the kingdom between the ages of twenty and sixty years, whether a subject or an alien, is liable to an annual School tax of two dollars each.

EXCEPTIONS.—Clergymen of any Christian denomination, regularly engaged in their vocation; teachers of youth in public or private schools for more than six months of the year; and all students actually in attendance at high schools or colleges; soldiers in actual service; members of the Fire Department, and persons exempted by the Assessors of the District on account of age, infirmity and poverty.

Road Tax.

Every male inhabitant of the Kingdom between the ages of seventeen and fifty years, whether a subject or an

alien, is subject to an annual road tax of two dollars each, or in lieu thereof, to six days' labor, of eight hours each, on the public roads, at his option.

EXCEPTIONS.—Clergymen actually employed in their vocation; teachers of youth, in public or private schools, for more than six months of the year; students in actual attendance at any high school or college; soldiers in actual service; firemen, and persons exempted by the Assessors on account of infirmity.

NOTE.—Hawaiian sailors, in vessels bound on foreign voyages, whether native or naturalized, commute for all their personal taxes at the time of shipment, and consequently are liable only for the tax on their real and personal property, their animals, and carriages.

Consuls of foreign nations are not exempted from taxation by the laws of the Hawaiian Kingdom, or by the laws of nations.

The Assessors, before commencing their work, must each take the required oath, a copy of which is required to be sent to the Minister of Finance, as no Assessor can receive pay for his services until a certified copy of his oath is on file in the Treasury. They must write their assessments and enumeration on the left hand pages only, and must foot all the columns except the two first on each page, and prove the footings of each, to avoid mistakes. When the pages are all footed and proved, they must recapitulate the footings by pages, writing only on the left hand page. They must in all cases describe the locality of the real estate assessed, so that it can be identified; and if the owner is non-resident, they must state the place of his residence, if known. If the tax payer owns but one lot of land, its assessed valuation must be placed in the column headed "Ka huina nui," &c.; but if he owns two or more lots, each must be described, assessed, and specified separately, and the value of each placed in the column headed "Uku kupono," &c., and the total value of all the lots extended in one gross sum into the column headed "Ka huina nui." When their books are complete, they must, before passing them to the Governor, take and subscribe, before a police or district Justice, an oath, to be written on the first page of each book, stating that this book is the assessment book for the district of _____, in the island of _____, for the year 186_____. The Assessors are instructed to use every means in their power to ascertain the actual existing value of real estate. In order to do this, they will have reference to the improvements thereon, to its capacity for production, its distance from sea ports and markets, and such other circumstances as tend to establish such value. Where mortgages exist, the amounts thereof must be deducted from the valuation charged to the owner of the fee simple title, and assessed against the holders of said mortgages, under the heading of personal property.

The assessment of personal property should be governed by the same general rules.

The Tax Collector, before commencing his work, must give the required bond. He is authorized to kill all dogs on which taxes are refused or neglected to be paid, and any other person may kill the same. He is also authorized, in case he finds in his District any person or property liable to taxation, not enumerated or assessed, to make an enumeration or assessment of the same, and collect the taxes thereon in the same manner as if said persons or property had been duly assessed. Such assessment and collection must be stated on a blank page at the end of his book, under the head of "Taxes not assessed." He must write on the right hand page, opposite the name of every person enumerated, the kind of tax he pays, the amount of property, poll and animal tax, the school tax, and the road tax, each in their proper columns. He need not specify the locality of the real estate, or the value of each lot separately, but must state the total valuation. When his collection is finished, he must add all the columns on each page, proving the correctness of each, and then recapitulate the footings by pages, writing only on the right hand page. The footing of the column headed "Auhau Kula" will show the amounts he must pay to the School Treasurer of the District, and the footings of the columns headed "Houlelulu o na auhau manu" and "Auhau Alanui" will show the amount he must pay to the Governor. Upon filing with the School Treasurer an oath taken before a Magistrate, that the amount of school tax stated in his book is all that he has been able to collect of that tax, the School Treasurer will pay him a commission of 5 per cent. on the amount. Upon filing with the Governor an oath in relation to the property, poll, animal and road taxes, the Governor will pay him the commission allowed by law on the amount.

The Tax Collector is authorized to grant, up to the last day of November, to persons disputing the amount of their taxes, a certificate of appeal (blanks for which will be furnished) upon their paying to him costs, as follows: When the reduction or exemption claimed amounts to \$2 or less, fifty cents; over \$2 and under \$5, one dollar; \$5 and not more than \$10, two dollars; and for every additional \$5 or part of \$5, one dollar additional. All costs so paid are to be returned to the parties appellant in case the appeal is sustained by the Board of Appeals; but if not so sustained, the costs are to be paid to the Governor, to be accounted for by him to the Treasury under the head of Fines and Penalties. The Tax Collector may grant gratuitously certificates of appeals from personal taxes only, to persons disabled by sickness or bodily injury.

The Tax Collector is authorized to make such deductions from the taxes of parties appellant, as the Board of Appeal may direct, and in order to afford time for hearing all appeals, he is not authorized to commence legal proceedings against parties appellant to compel the payment of their taxes, until the 16th Day of December.

Property seized by a Tax Collector for payment of taxes cannot be replevied at the suit of the tax payer.

The Tax Collectors are by law entitled to a commission of 5 per cent. upon all taxes collected by them, not enumerated or assessed by the Assessors; but the Assessors are entitled to a commission of 4 per cent. only upon the amount collected on their several lists, and the School Treasurer will pay them the commission for the assessment of the school tax.

Tax Collectors are entitled to commissions on all taxes recovered by suits, as well as on taxes voluntarily paid; and it is their duty to prosecute all suits against delinquents, to appear, with their books of taxation, against them, and generally to exercise all their diligence in enforcing the laws.
